Sat 23 May shows post-concert activities:

Meet Professor Quek at Concourse (level 1).

First 30 survey respondents gets a SCO keychain at Box Office (level 1).  
Scan QR for survey questionnaire.

I am **PROFESSOR QUEK**

the Principal Conductor of Singapore's only full-time professional Chinese orchestra.

Today, discover music performed live by more than 80 finest musicians on stage and find out how it relates to the weather.

Let's follow the rhythms of my magic baton and discover more about the world through music!

Let's sing  
**THE WEATHER SONG**

## The Weather Song

Sing the weather song of articulation  
Where raindrops and sunshine are  
played in different ways  
Short and quick, we call it stac-ca-to  
Play it smooth, it's le-ga-to  
Bow a string, it's ar-co  
Pluck it, you get piz-zi-ca-to  
Repeat rapidly, that's tre-mo-lo  
Slide and glide, it's glis-san-do

# Understanding ARTICULATION IN MUSIC

Articulation in music refers to how specific notes are played. There are many types of articulation. In this concert, we will learn about **Staccato**, **Legato**, **Arco**, **Pizzicato**, **Tremolo** and **Glissando**.

<b>Staccato</b>		To play the note short and separated
<b>Legato</b>		To play in a smooth manner
<b>Arco</b>		To bow a string
<b>Pizzicato</b>		To pluck a string
<b>Tremolo</b>		To rapidly repeat a single note
<b>Glissando</b>		To slide from one note to another

# Word PUZZLE

Find and circle the words, **Staccato**, **Legato**, **Arco**, **Pizzicato**, **Tremolo** and **Glissando** in the puzzle.
